Special Products for Automated Polishing Plants in Various Sizes

# Surya Polish

Wax Compounds & Powder

Universal Standards - Export Quality

SKU: SWPC0100

## Surya White Polishing Compounds

This wax based compound is courser than Red Rouge. Used for removing deep scratches from soft metals or as a polishing compound on Acrylic, Plastic, Wood, & all soft metals e.g. Aluminium, Silver etc

SKU: SWPC0200

## Surya Green Polishing Compounds

The Green polish is highly used to finish Stainless Steel to a high luster mirror like finish & for other metals also e.g. Stainless Nickel but not suggested for Plastic and Softer metals like Silver.

SKU: SOPC0300

## Surya Rouge Polishing Compounds

Red rouge is used to finish for buffing soft metals e.g. Gold, Silver, Copper, Brass and bath fittings for a brilliant high lustrous finish & will not scratch the finest of soft metals. Polish Brass, Copper & Nickel to a mirror finish.

SKU: SEPC0400

## Surya Emery Polishing Compounds

This emery polish is course compound mostly used for cutting & preparing materials to be buffed especially Stainless Steel but also for Aluminum, horn & wood. Shall not be suggested for plastic & softer metals e.g. gold.

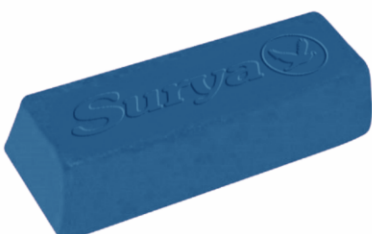

SKU: SPPC0500

## Surya Pink Polishing Compounds

This polishing compound is used for both the cutting & polishing to Aluminum and mainly Stainless Steel bringing out a high luster even on wood

SKU: SCPC0600

## Surya Cyan Polishing Compounds

This versatile polishing compound is safe for use on almost all materials even plastic but it can't be used on low melting point plastic. Use confidently for finishing purpose to all metals especially Stainless Steel.

SKU: SFCW0100

### Fiber/Coir Buffing Wheel

Outer Dia Available: 200mm to 375mm  
Inner Dia Available: All sizes available on order  
Thickness Available: Multiple of 1 Ply=12.5mm

SKU: SAFW0200

### Air Flow Buff Wheel

Outer Dia Available: 150mm to 600mm  
Inner Dia Available: All sizes available on order  
Thickness Available: Multiple of 1 Ply=12.5mm

SKU: SSJW0300

### Sisal Jute Buff Wheel

Outer Dia Available: 200mm to 400mm  
Inner Dia Available: All sizes available on order  
Thickness Available: Multiple of 1 Ply=12.5mm

SKU: SCCW0400

### Coloured Cotton Buff Wheel

Outer Dia Available: 250mm to 375mm  
Inner Dia Available: All sizes available on order  
Thickness Available: Multiple of 1 Ply=12.5mm

SKU: STCW0500

### Treated Cotton Buff Wheel

Outer Dia Available: 100mm to 400mm  
Inner Dia Available: All sizes available on order  
Thickness Available: Multiple of 1 Ply=12.5mm

SKU: SABW0600

### Abrasive Flap Wheel

Outer Dia Available: 150mm to 350mm  
Flap Width: 15, 20, 25, 30, 40, 50mm  
Grid: 60, 80, 100, 120, 150, 180, 200, 220, 320  
400, 600, 800

~ director's message ~

Begins with an extraordinary vision, Sangam Industries was founded by myself in 2002 for an endless journey to serve quality & commitments. History always defines our passion of serving industry with best products than any others, and the new generation today continues to inspire and attract new clients around the globe. All above than just a name – Sangam Industries is a Legacy of passion, and adopted by the new generation &

Mr. Vikas Bansal - Founder & Director
